Primary Care Neurology Society Neurology Update Workshop for GPs 29/04/2010

A 1/2 day workshop providing practical tips to help when encountering patients with unexplained symptoms

Areas covered include:

- How to approach discussing the diagnosis
- Improving communication skills and language used
- The benefits of encouraging a partnership
- How to cope with "difficult" patients
- Management approaches including the use of CBT
- How do we get a headache when the brain has no pain receptors?
- Why symptoms may mean *dis*-ease rather than disease
- Why those with *dis*-ease also get disease, and how to help them with education for wellbeing

Date: 29/04/10
13:30 - 17:00

Venue: The 52 Club
Bonham Carter House
London
WC1E 6ES

Workshop facilitators

Dr Mike Dilley, Consultant
Neuropsychiatrist & Honorary Senior
Lecturer, Central & North West London NHS
Foundation Trust, National Hospital for Neurology & Neurosurgery

Dr Ian Walton, GP, Tipton; Trustee of Primhe (Primary Care Mental Health and Education)
